SUMMARY THESIS:
[INTELLIGENCE FACTOR OF EVOLUTION]

THE CONCEPT OF EVOLUTION BY DARWIN, I PRESUME, IS BUILT UPON THE IDEA (S) OF NATURAL SELECTION. YET AFTER HAVING DISCOVERED THAT THERE IS MATHMATICAL PATTERN TO THE TWO PRIME PRINCIPLES OF EVOLUTION [MATTER & FORCE], I AM LIKewise ABLE TO PRODUCE ENOUGH EVIDENCE TO PROVE THAT THERE IS AN INTELLIGENCE FACTOR WITHIN NATURE WHICH IS RESPONSIBLE FOR THE DEVELOPEMENT OF LIFE AS WE KNOW IT TO BE.

PRE INTRODUCTION

THIS THESIS IS CALLED [THE GENESIS PROJECT], WHERE I BEGIN WITH THE SIMPLE INTRODUCTION OF CERTAIN PHILOSOPHICAL CONCEPTS WHICH SUPPORT THE [HOW & WHY ?] TO MY REASONING.

I THEN REVEAL A NEW MATHMATICAL CONCEPT WHICH I HAVE CREATED CALLED [ELEMENTAL MECHANICS], THAT EXPLAINS THE PATTERNS WHICH FORCE AND MATTER ARE DESIGNED TO WORK AMONG THE ELEMENTS OF THE WORLD.

FURTHERMORE; I REVEALE A NEW THEORY ON THE SPECTRUM OF LIGHT, WHICH WILL SUPPORT MY THEORY ON THE INTELLIGENCE FACTOR AND THE LAWS INWHICH IT IS GOVERNED.

THIS CONCEPT HOWEVER; INFLUENCED ANOTHER THEORY WHICH I CALL [MOLECULAR COMPRESSION]. IN THAT THESIS, I AM ABLE TO PROVE THAT MOLECULES ARE NATURAL TEMPLATES WHICH RECORD THE INFORMATION OF LIGHT.

THIS CONCEPT IS HOW I WAS ABLE TO MANUFACTURE YET ANOTHER THEORY CALLED [LIQUID ENERGY FUSION], A MOLECULAR HYBRID FUSION WHICH I HAVE SUPPORTED WITH EQUATIONS BASED ON THE NEW DESIGN OF MY ELEMENTAL MECHANICS CHART.

I CONTINUE WITH MY THEORETICAL CONCEPT BY USING THE THEORY OF VALENCE BOND STRUCTURES AND QUANTUM MECHANICAL RESONANCE APPLICATIONS WRITTEN BY DR. WERNER HEISENBURG.

THEREFORE; HAVING DESIGNED THESE SCIENTIFIC ARGUEMENTS, I WAS ABLE TO DEVELOPE A NEW D.N.A. MODEL THEORY WHICH SUPPORTS MY THEORY ON THE INTELLIGENCE FACTOR OF EVOLUTION.

SCIENTIFIC PROGRESS IS LIKEN TO A CONFLUENCE OF TRIBUTARIES TO FORM A RIVER, ACCORDING TO [WILLIAM WHEWELL 1794-1866] , A PROFESSOR OF PHILOSOPHY WHO WAS KNOWN FOR THE STUDY OF THE MECHANICS OF THE WAVES. WHEREAS; IT IS KNOWN TO US THAT SUCCESSFUL THEORIES WILL COLLIGATE OR BIND TOGETHER EXPERIMENTAL LAWS AS IS TAUGHT BY [PIERRE DUHEM 1861-1916] IN HIS BOOK [AIM AND STRUCTURE OF PHYSICAL THEORY PG 32 1962]. NOW, PIERRE DUHEM CONTRIBUTES TO THE CONCEPT OF FLUID MECHANICS AND THE HISTORY OF SCIENCES... I FELT COMPELLED TO ALSO BELIEVE THAT MECHANICS IN ITS SELF COULD ONLY BE GOVERNED BY AN INTELLIGENT DESIGN, AND THAT THE ANSWER WOULD NOT BE FOUND IN ANY ONE THEORETICAL CONCEPT OR LAW, BUT THROUGH A SERIES OF THEM.

NOW, PREVIOUS ESTABLISHED LAWS ARE JUDGED MORE ADEQUATE AND FAMILIAR THAN LAWS DEDUCED FROM THEORIES, WHICH IS CONTRAST TO THE METHODS OF HYPOTHESIS AND DICTIONARIES WHICH WAS PUBLISHED BY [NORMAN R. CAMPELL 1880-1949], IN HIS BOOK CALLED [PHYSICS, THE ELEMENTS 1919].

NOW AGAIN, ISAAC NEWTON [1642-1727], FORMULATED CALCULUS TO CHART THE MEANS DISTANCE OF THE STARS, YET THE PHYSICS ITS SELF DO NOT FORM THE LOGICAL STRUCTURES OF A THEORY ABOUT THE HEAVENLY BODIES, BUT IT DOES HELP TO DEFINE THE MECHANICS BY WHICH THEY ARE GOVERNED.

		T1				
		T2				
HYPOTHESIS	---	T3	---	DICTIONARIES	---	THEORIES

[WHERE T1, T2, T3, ARE AXIOMS]

IN THE ABOVE METHOD IS A STAGE BY WHICH THE ELEMENTAL MECHANICS CONCEPT WAS DEVELOPED BY MYSELF, SUPPORTED IN PART BY THE METHODS TAUGHT BY [CAMPBELLS., FOUNDATION OF SCIENCE PG 122 1957].

MY HYPOTHESIS WAS THE IDEA THAT INTELLIGENCE EXISTED IN THE FORM OF MECHANICS. NEXT, I APPLIED PATTERNS OF PHYSICS FORMULAS THAT ACTED AS AXIOMS TO SUPPORT THE CONCLUSION. THEN I DEFINED THE AXIOMS AS BEING EITHER A NEGITIVE OR POSITIVE CONSTRUCTION WHICH WHEN THE PATTERNS WERE PERFORMED, GENERATED A NUMBER OF LAWS PRODUCED THROUGH THE THEORY DEVELOPED FROM THIS METHOD.

NOW, I HAVE CREATED A CHART WHICH DESCRIBES THE MECHANICS OF FORCE. IT IS ALGORYTHMIC IN NATURE, WITH EACH EQUATION PRODUCED FROM IT BEING LABELED [JOULE CALCULATED UNIT], OR J.C.U. (SEE CHART BELOW).

	(A) ELEMENT	(B) FORCE	(C) MATTER
1.	WIND	ENERGY	AREA
2.	WATER	RESISTANCE	MASS
3.	EARTH	PRESSURE	DENSITY
4.	FIRE	COMBUSTION	PARTICAL

- THE FIRST PRINCIPLE ELEMENT, LABELED (A), HAS FOUR DEFINITIVES
 1. WIND 2. WATER 3. EARTH 4. FIRE.
 THE SECOND PRINCIPLE FORCE LABELED (B), HAS FOUR DEFINITIVES
 1. ENERGY 2. RESISTANCE 3. PRESSURE 4. COMBUSTION
 THE THIRD PRINCIPLE MATTER LABELED (C), HAS FOUR DEFINITIVES
 1. AREA 2. MASS 3. DENSITY 4. PARTICAL

I WILL EXPLAIN TO YOU HOW TO USE THIS CHART, THROUGH DEFINING ITS PURPOSE.

THERE ARE TWO FORCES WHICH INTERACT WITH ONE ANOTHER [POSITIVE AND NEGITIVE]. WHICH THEN LEADS ME TO SUGGEST THAT THERE WILL LIKEWISE BE TWO WAYS INWHICH; TO INTERPRETE THE NATURE OF FORCE, WHICH METHODS I HAVE ALSO NAMED [NEGITIVE AND POSITIVE CONSTRUCTION]...

THE NEGITIVE CONSTRUCTION, WOULD BE AN EQUATION THAT WHEN DEFINING THE PRINCIPLES OF FORCE, DIRECT THE MECHANICS OF ITS DEFINED ABILITY, TO DIVIDE OR SPLIT THE ATOM.

SO THE POSITIVE CONSTRUCTION, WOULD DIRECT THE MECHANICS OF FORCE TO COMPRESS THE MOLECULAR BODY. INORDER TO PRODUCE ENRGY, FOR EXAMPLE:

EINSTIENS EQUATION.... $E=MC^2$ [ENERGY EQUALS MASS COMBUSTION SQUARE]... IS DESIGNED TO SPLIT THE ATOM INORDER TO PRODUCE ENERGY.

NOW LOOKING AT THE CHART, THE PATTERN WILL SHOW THAT WHILE [ENERGY] AND [COMBUSTION] ARE USED, THE TWO PRINCIPLES OF FORCE ARE DIVIDED, WHERE [MASS] IS ONLY BRIDGING THE PRINCIPLE [ENERGY].., SO THIS WOULD MAKE THE [J.C.U.], A NEGITIVE CONSTRUCTION.

NEXT: IF I WERE TO CREATE A POSITIVE CONSTRUCTION TO INDUCE MOLECULAR COMPRESSION, THEN I WOULD BRIDGE [ENERGY AND COMBUSTION] WITH TWO DEFINITIVES... WHERE IN THIS CASE I WILL SUGGEST [MASS AND DENSITY]...

1. $E = MDC^2$: ENERGY WILL BE EQUIVALENT TO THE WIEGHT OF DENSITY AND ITS FORCE OF MOTION SQUARE.

NOTE: (WHERE IN THE PLACE OF COMBUSTION, I HAVE USED MOTION.)

.....

NOW AGAIN, I CAN ALSO CREATE A POSITIVE CONSTRUCTION BY SIMPLY CONNECTING ALL FOUR PRINCIPLES OF FORCE TOGETHER AS WELL, WHILE USING ONLY A FEW DEFINITIVES OF EITHER ELEMENT OR MATTER.

SO WITH THIS CHART, IF I DO NOT KNOW OF THE UNDERLYING PATTERN HIDDEN WITHIN THE PHENOMENA OF A NEGITIVE CONSTRUCTION, ALL I NEED TO DO IS REVERSE ENGINEER THE EQUATION BY THIS METHOD.

TO SHOW THAT THE MOLECULAR BODY CAN ACTUALLY BE COMPRESSED, I HAVE TO DESCRIBE IT AS A TEMPLATE OF INFORMATION. WHEREAS; I MUST THEN INDUCE THIS HYPOTHESIS WHICH FOLLOWS IN THE DESCRIPTION OF THE MECHANICS OF THE SPECTRUM OF LIGHT.

.....

A MOLECULE MUST RETAIN THE MEMORY OF LIFE, INORDER TO PRODUCE ENERGY; WHEREIN THE SUN THEN MANAGES THE MOLECULAR PRINCILPLE THROUGH THE LIFE GIVING FORCES OF [LIGHT]...WHICH SUGGESTS THAT THE MOLECULE WILL BE CONSTRUCTED IN SUCH A WAY AS TO CARRY WITHIN ITS SELF A TEMPLATE., (LIKE A COMPACT DISK WHICH RETAINS INFORMATION)...
